April 2025 Challenges

Anime and Manga are a Japanese style of animation, which is popular across the world and includes characters you may already know, such as Pokemon and Sonic the Hedgehog! World Anime Day is on 15th April so let's delve into the world of anime!

You can choose to complete as many of these challenges as you wish – simply email your evidence (a photo is absolutely fine!) to Kate at BexleyCU@LSEAT.org.uk and she will send you your stamp code!

Design a new anime character

There are so many different characters in the anime and manga “universe” but for this challenge, I would like you to create your own! Don't forget to give your character a name!

Create a comic strip

For this challenge, I would like you to create your own comic strip, made up of at least 3 sections. You can choose which characters and story they tell – and don't worry, it doesn't need to be complicated -

Draw your family as anime characters

For this challenge, we would like you to draw your family – but in anime style! There is a link below which may help you to learn how to draw characters in this style:

Anime puppet

I always loved creating puppet shows and for this challenge, I would like you to create an anime puppet! You can choose which character to base it on (or even the one you created for one of these challenges) and how you want to create your puppet – even a simple puppet on a lollipop stick is great!
