

London South East Children's University Summer 2025 Challenges

A slightly different challenge for the summer and it's about celebrating all things Children's University!

We would really love to be able to share the voices of all the children taking part in the London South East Children's University in Bexley - finding out more about what you enjoy about taking part, your favourite things to do and what we can do to make it even better! For the summer challenge, we would like you to review one (or more) of the following...

- Review of a Learning Destination you attend
- Review the London South East Children's University in Bexley
- Review the Virtual Club (*if you take part in this*)

In each of the reviews, we would like you to share...

- What you like about the Learning Destination/Children's University/Virtual Club
- What skills and learning you develop by taking part
- Why you think other children should take part
- What can be done to make it even better for you

For each review you complete, you will earn a 1hr stamp for your passport and for all of these challenges, they can be in whatever form works best for you – for example, written down or talking via a video. When you send it to Louise, please confirm if you and your parents/carers are happy for them to be shared on social media.

As always, you can choose to complete as many of these challenges as you wish – simply email your evidence to Kate at BexleyCU@LSEAT.org.uk and she will send you your stamp code!
