May 2022

Dear Applicant

Thank you for your interest in the post of Deputy Headteacher at The Michael Tippett School (TMTS).

TMTS provides learning for young people with complex needs (SLD, PMLD, ASD) and has recently gone through a period of change, following November 2021's Ofsted report which required special measures. We are fortunate to currently have an experienced Interim Executive Headteacher in place who has brought the school back into a highly sustainable position, with pupils learning in classrooms taught by skilled SEN teachers supported by teaching assistants trained in complex and medical needs.

In September 2022 the school will convert into an Academy under the wing of the The London South East Academy Trust (LSEAT). We are therefore looking for a Deputy Headteacher who not only has leadership, senior management and teaching experience in special education but can also support the Headteacher in managing the changes inherent in Academy conversion.

The Governing Board has a number of new governors who have been brought into effect the changes necessary and support and advise the Interim Executive Headteacher. Though in post for a relatively short time, we are very pleased with the way in which the school has progressed and finances, learning and assessment and staff welfare have now been stabilised. The Board comprises people with a range of skills, occupations and backgrounds, who are able to provide an array of perspectives and insights to assist the development of the school. Governors have worked as a team to support the Interim Executive Headteacher and the staff in achieving their ultimate goal of enabling pupils to achieve their full potential.

This is an interesting time for the school and we are confident that the leadership and best practice shown by the Interim Executive Headteacher, Interim Head of School and staff will be maintained as TMTS moves into a new era. We are seeking a new Deputy Headteacher to play a leading part in achieving this. Your input will be key to ensuring our pupils receive the best possible education and acquire life skills within a safe and positive environment, and that their parents and carers receive all the support they need in caring for a child with complex needs.

I hope you will feel inspired by our work with young people with complex needs and by the opportunity to join us in this key role.

If you would like to discuss this opportunity informally, I will be happy to take your call on 07983 723313.

You are most welcome to visit our school. To arrange this please call 020 7326 5898.

Yours sincerely,

Judith Hare
Chair of Governors

The Michael Tippett School (TMTS) is a secondary school for young people with complex learning needs aged 11-19, providing a curriculum and comprehensive support for students with Severe Learning Difficulties (SLD) or Profound and Multiple Learning Difficulties (PMLD). Many of our learners are also on the Autistic Spectrum, have sensory needs or are physically disabled.

The school was founded in 2001 and we moved into our current, award winning purpose-designed building in 2007. Our learning community comprises 70 pupils and a team of 50 staff in a variety of roles. We are supported by a number of visiting professionals from health, social service and specialist agencies. We work closely with parents, carers and the local community.

Vision

Our vision is for pupils to make best possible progress due to the personalised curriculum that is suited to their individual needs. Pupils will be able to access lessons as their communication needs will be met consistently. To achieve this, the curriculum has been reviewed and an informal, semi formal curriculum and formal curriculum have been introduced.

Resources

Specialist resources and facilities are available on-site. Facilities include a hydrotherapy pool, gym equipment, a sensory room, IT equipment including iPads, computers with specialist software packages, augmentative and alternative communication equipment and personalised communication and subject resources. Classroom furniture is adjustable and walls are acoustically treated to help effective communication.

Support

Pupils have a wide variety of high level support needs. These include health needs such as epilepsy or specific syndromes, communication needs and behavioural support needs. The majority of our pupils are pre-verbal or have very limited spoken language so since the Ofsted inspection in November 2021, there has been a strong drive to train all staff on the use of intensive interaction, autism and communication and communication dashboards.

Curriculum

In January 2022, a new curriculum based on Personal Learning Intention Maps (PLIMs) was introduced.

OFSTED
November 2021

All aspects of school life were evaluated as inadequate. At the time of the inspection, the substantive

Executive Headteacher, the Head of School and the School Business Manager were not in school. An Assistant Headteacher was also away. An interim Executive Headteacher and interim Head of School were leading the school in their absence.

Since the inspection, there has been positive progress in all aspects.

Post title: Deputy Headteacher

Responsible to: Headteacher

Salary: L14 - L18

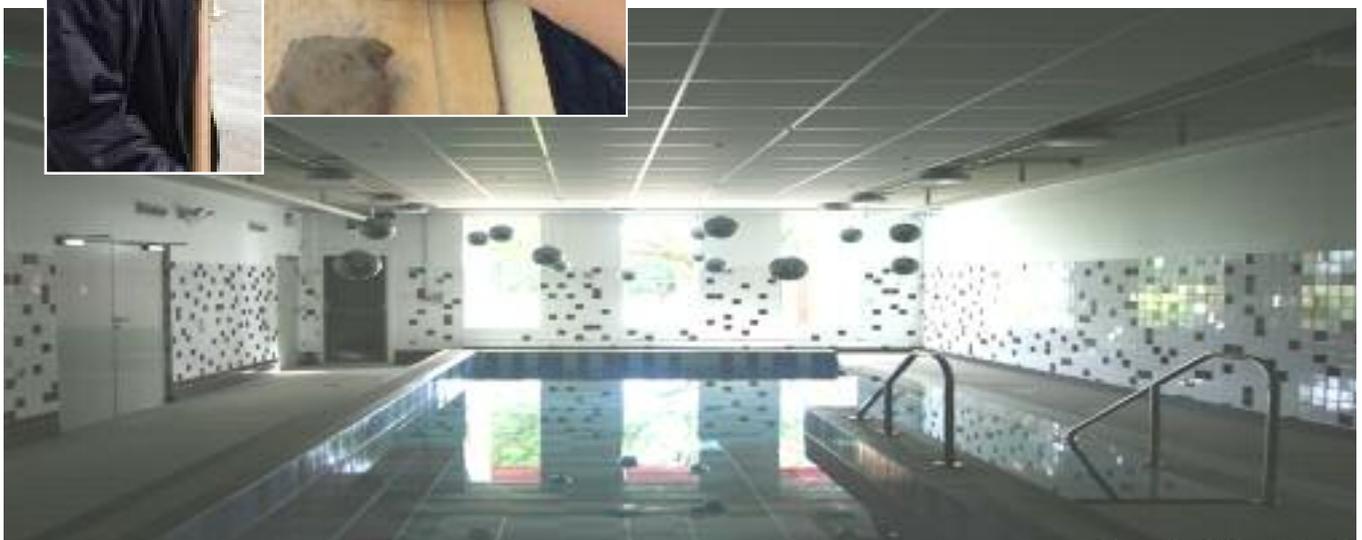

PURPOSE OF THE POST

- To support the Headteacher to deliver the highest possible educational standards in the school, and create an atmosphere and structure in which pupils feel valued and safe and staff have high expectations of them.
- To deputise for the Headteacher in her/his absence.
- To undertake the day to day delegated operational management of the school.

KEY RESPONSIBILITIES

- To ensure the effective management of teaching and learning throughout the school.
- To identify staff training needs so they all have an understanding of and meet the special educational needs of pupils.
- Ensure there is a continuous focus on pupil learning and progress, effectively all data and benchmarks to monitor pupil progress.
- Ensure a diverse and inclusive curriculum is in place which is responsive to the needs of individual pupils.
- Assess, monitor and evaluate the quality of planning, teaching, learning and progress, promoting improvement strategies where necessary.
- Ensure the effective deployment of staff to meet the needs of the pupils.
- To ensure high standards of behavior from all staff and volunteers in the school, supported by policies and procedures which promote positive engagement, self-esteem, self-discipline, independence and accountability.
- To develop, implement and maintain effective strategies to promote engagement of the whole school community. In particular to establish effective relationships with all parents/carers and promote their involvement in the pupils' learning and school activities.
- To contribute to regular and effective reporting to the Governing Body on school performance and improvement.
- To monitor the continuing professional development programme for all staff to ensure fair and equitable allocation of resources and targeted development activities which promote school development priorities.
